Gate Access and Compound Parking Policy

Access to the Wise Center rear compound and compound parking for vehicles will be restricted as follows:

1. The following business groups will be granted gate admission by identifying themselves and their destination, or by card access with a valid MSU I.D. card. For security purposes, individuals who do not have their ID on their person will not be granted gate admission.
 - a. CVM faculty, staff, veterinary affiliates and third and fourth-year students
 - b. MSU faculty and staff in University vehicles
 - c. Scheduled delivery services, in properly marked vehicles and on a routine delivery schedule

* Note parking limitations per items 5 & 6 below *
2. The following business groups must stop at the AHC Admissions desk to verify identification and purpose of entry. The Admissions desk will admit those with proper business purposes and direct others to the most appropriate entrance (i.e., North Entrance, S.W. Entrance, MDL Entrance, etc.).
 - a. Clients or Visitors
For large animal clients, access can be granted prior to arrival by providing a list of client appointments to the Operator's desk each morning and update as additional appointments are made with an email to "Communications Services".
 - b. Outside service personnel
 - c. Unscheduled delivery services
3. Access permission for the pedestrian walk-through gate adjacent to the James W. Scales building is granted similar to the rear compound gate. Those requiring special permission (i.e. student workers, etc.) may submit a request to the CVM Parking and Access Committee.
4. Unauthorized entry, including following another vehicle through the gate, is not allowed and will be reported to MSU Police Department. Offenders may have their rear compound access privileges revoked.
