Please fill in the following information on the after-hours payment envelope. Please issue receipt for any payment received.

Date
Owner's Name
Patient Number / Name
Amount

Clinician/Student
Discharge Date

Steps to Take When Totaling a Client's Bill.

1. Print 2 copies of the VetView Detailed Order Report; one copy for the client to get the list of charges that have been posted to the bill and one signed copy to place in the lock box envelope. **Estimate charges for hospitalization and pencil in on the Detail Order Report, and add these charges to the total when collecting payment.**
2. Once the payment has been collected, give the client the original portion of the receipt, leaving the duplicate copy in the book. The receipts are numbered and should be issued in numerical order. Please **highlight for the client the "This may not be a final bill....."** on the Detailed Order Report. If a client requests an itemization of services, please note it on the Detailed Order Report and place it in the lock box (vault). Client Accounts will mail each client an itemized copy of the bill once routine hours resume on **Monday, January 2nd, 2023.**
3. Place the payment in the labeled after-hours payment envelope. Please write the number of the receipt on the outside of the envelope.
4. Drop the after-hours payment envelope in the lock box (vault). Do not place any charges or payments in the medical record.

If you have any questions about the client's bill, please contact Jeanette Long (662-983-5627).
