Degree Information:

Please check previous degree(s). Individuals with a PhD degree are not eligible for this program.

BS or BA Year Received: Major field of study:

MS Year Received: Major field of study:

Undergraduate Institution:

What was your undergraduate GPA? What is your current GPA in the DVM program?

Please check here if you are a MSU Bardsley Scholar.

I am also considering applying for a surgery tech position. Yes No

Are you considering working toward a graduate degree (MS or PhD)? Yes No Unsure

Please comment on your plans:

Recommendation Letters:

REQUIRED. Provide the name of one professional who can evaluate your work ethic, interpersonal skills, potential as a summer research scholar, and who can comment on your interest in research. We request their written letter of recommendation be sent to Stephanie Huffman at huffman@cvm.msstate.edu. **Letters are due in our office by February 1.** Indicate person providing recommendation here.

Name:

OPTIONAL. If students have identified a mentor with whom they would like to work, the potential mentor can provide a short letter of intent to accept the student into their laboratory, pending student acceptance into the program. Students can also indicate their interest in a specific mentor even without the letter of intent, although students are encouraged to contact the mentor before filling in the blank. Indicate potential mentor's name here. Students are NOT required to fill in this blank and providing a mentor name does **not** guarantee acceptance into the program. **Please note that the optional letter of potential**

mentorship CANNOT replace a letter of recommendation and students should not ask the potential mentor for the letter of recommendation.

Name:

Research Opportunities:

Please indicate the research area(s) in which you would be interested in working. Please prioritize your choices with 1 being your highest priority or first choice.

- Clinical/Translational Research
- Toxicology/Biomedical Research (including animal models for human disease)
- Population Medicine (including antimicrobial stewardship)
- Infectious Diseases (bacteriology, immunology, parasitology, and virology)

Have you had prior research experience? Yes No

If yes, please briefly explain.

Use space to provide the following information:

Why are you interested in the Summer Research Experience program and what do you expect to gain/accomplish from it? Why are you an outstanding candidate for the Summer Research Experience program? Expand on your areas of research interest.

Return email completed application to Stephanie Huffman at huffman@cvm.msstate.edu. Applications are due by February 1st in the year in which you are applying.
