Event Parking Registration

There are 2 options when registering for event parking, through the event URL link or through the ParkMobile app. Below are the instructions for both options.

Registering through the URL link **(using a computer)**

1. Visit the URL registration link provided by the department for the event you're attending
2. Click "Reserve" under the specific parking location
3. Click "Continue as Guest"
4. Visitor will input relevant information to complete registration process, once the "Confirm & Purchase" option is completed the visitor is registered to park for the event date/time selected

Registering through the URL link **(using a mobile device)**

1. Visit the URL registration link provided by the department for the event you're attending
2. Click "List" in the top right corner
3. Click "Reserve" under the specific parking location
4. Click "Continue as Guest"
5. Visitor will input relevant information to complete registration process, once the "Confirm & Purchase" option is completed the visitor is registered to park for the event date/time selected

Registering through the ParkMobile app

1. Visitor will download the ParkMobile app on their smart device. Once downloaded and the app is opened, select the settings, and create an account with payment information, vehicle information, etc.
2. After setting up your account profile, select the "Reserve" option at the bottom of the page to begin the event registration process
3. Select the blue event icon named "Mississippi State" to proceed
4. Select the event you're attending under the "Event" tab
5. Visitor will input relevant information to complete the registration process, once the "Reserve Your Spot" option is selected the visitor is registered to park for the event date/time selected

Inputting your License Plate

1. Input all numbers and letters as listed on your license plate from left to right
   a. For specialty license plates, if there are stacked/vertical letters on the left or right then numbers input your license plate in that order
2. DO NOT put any spaces within your license plate number or the system will not recognize your vehicle as registered
3. If you have a specialty license plate with the letter O, input the number 0. Our system does not recognize the letter O and will not recognize your vehicles as registered
4. For examples, visit the Vehicle Management tab on our website https://www.transportation.msstate.edu/parking/vehicle-management
5. Visitors will not be charged upon completion of registration
